

Members in Attendance

- Felix Moss
- Annika Boyd
- Nathan Truong

Agenda

- BOM Updates
- Circuit design updates
- Git updates
- Project proposal to Josh for review

Notes

- BOM Updates
 - Still waiting on confirmation on values
 - AD549 op amp to use for coulombmeter, low bias current, low offset voltage, low noise
 - OPA129, bias current $<1\text{pA}$
- Circuit design updates
 - Still waiting on eisa
 - Josh confirmed circuit design layout via thumbs up on discord
- Git updates
- Project proposal to Josh for review
 - Sent email with proposal attached for review
